

# *Challenge Math, Week 4*

5/13- 5/20

# Warm Up:

Come up with as many strategies as  
you can to solve this problem:

---

$$384 \div 16$$

# Math Exploration

---

- Take a picture of a recipe you found at home and post it here.

# Recipe Question 1

---

- Modify the recipe so you can feed your entire class.
- What assumptions will you have to make? Will each student have the same amount?
- Post your modified recipe here.

# Recipe Question 2

---

- What if your entire 5<sup>th</sup> Grade wanted to have the food you made?
- How would you modify your recipe now? What assumptions did you make?
- Post your modified recipe here.
